**- FIVE NEW SONGS -**

*Nothing unites people like music, and few places in the*

This edition of the Conference Update is the first sent exclusively to registered attendees! I'm pleased to share that we have fantastic numbers already registered this year, with a great spread between the high school/independent side and university members. If you are hearing from colleagues on the university side who are on the waitlist, our office is carefully reviewing to ensure each institution is able to send at least one representative. And if you have high school friends that are still interested, let them know we still have space and a few days before the **Conference Bursary** application deadline!

Today, we are putting the focus on this year's incredible value-added programs. In addition to the annual favorite 5K Walk/Run, in New Orleans you will also have the chance to join the inaugural Golf Tournament, or stick around on Friday for the first Conference Service Project. The goal of these activities is to provide attendees with additional ways to connect and have fun, while also providing support to an important cause, whether it is fund-raising for the **International ACAC Global Fund**, which creates opportunities for future Scholars and all deserving members, or the local charity organization in the host city. Please consider joining one, or all, of these activities, and don't forget to check out this year's edition of the popular Conference Raffle. It's all for a great cause - and promises to be an amazingly fun time!

All the best,

Aaron Andersen  
President-Elect, International ACAC  
Director, International Recruitment
