

Dulwich College Shanghai Pudong and Concordia International School Shanghai teamed up to bring together Pudong area college counselors to celebrate International ACAC's 25th birthday while building a collaborative counseling community. We invited almost 20 counselors at different international schools on the Pudong side of the river in Shanghai. In the end, with Chinese New Year holidays coming up, our gathering was a small one - but it still was a wonderful evening of food and yummy beverages to celebrate a special birthday! Patrick Love - Concordia counselor and Chef Extraordinaire - readied his BBQ grill and cooked up a hearty meal of steaks and fabulous side dishes. Kathleen Schultz of Dulwich Shanghai Pudong treated us to a homemade birthday cake and we all sang "Happy Birthday" to International ACAC! While we would have loved to have had a bigger group, we were happy with our celebration and hope to keep on building our International ACAC Counselling community on both sides of the river in Shanghai! Thank you for the birthday grant and the opportunity to bring us all together!
