Associate Director of International Recruitment, Rutgers University-New Brunswick  
January 2012-Present

### **2. Provide information regarding your International ACAC, and/or NACAC, and/or other international education organizational experience.**

As noted previously I was fortunate enough to have a leadership role as Rutgers University hosted the 2016 International ACAC conference. In my role I oversaw the 8 different committees created by Rutgers for the conference, and co-lead the dining committee.

**Please provide a maximum 250 word statement of your experiences, why you wish to run for the International ACAC Board, and other relevant information you would like members to know about you. This description will be included in the official ballot and appear exactly as provided by you.**

I am running to be a NACAC delegate for International ACAC because I believe I would be helpful in conveying the needs of our membership to the greater NACAC community. As members of International ACAC we know that the needs of our community, our membership, and the students we serve, are often a little different than the rest of NACAC. To make sure these needs are not overlooked, I would be a vocal advocate for International ACAC. This includes bringing the voice of the international admissions officer to NACAC, a voice that has largely been overshadowed in recent years. I believe my experience in hosting the International

ACAC conference and serving as a member of the professional development committee will make me an excellent delegate, and I hope that you will agree. Thank you!
