OFFICE OF COLLEGE COUNSELING

February 19, 2019

Dear Opportunity Grant Committee,

The Quito counselor network would like to thank Intl ACAC for the Opportunity Grant we received for our MAIA Learning training. We are extremely grateful for the grant and appreciate the thoughtfulness that Intl ACAC has put into funds like these.

On February 15th, 2019 four Quito area high schools gathered at Academia Cotopaxi for a full day of training from 8:30am until 3:30pm. In addition to the counselors below who are all members of Intl ACAC, each school also brought members of their IT departments and administrative assistants who would be working on data entry.

The Quito counselors and Intl ACAC members present were as follows:

Ray Marx – Colegio Americano de Quito
Todd Johnson – Colegio Americano de Quito
Lysha Wasser – Academia Cotopaxi
Hannah Minturn – Colegio Einstein
Evelyn Hidalgo – Colegio Menor

Everyone present felt that the training was excellent as we were able to understand the MAIA platform from a student, teacher and counselor perspective. In addition, our IT departments gained a sense of the steps and information that we need to migrate to the new platform.

Once again, a heartfelt thanks to Intl ACAC and the Opportunity Grant committee for organizing and distributing these valuable funds.

Sincerely,

Ray Marx, Todd Johnson, Lysha Wasser, Hannah Minturn, Evelyn Hidalgo
